

November 12, 2018

Dear Faculty Relations Committee,

It is my absolute pleasure to recommend Dr. Joe Christensen for the position of Full Professor with Thomas More University.

I was introduced to Joe in April of 2014. Since that time Joe and I have worked together on various projects regarding the book rental program. It was enjoyable working with Joe because he always came to the table prepared. Joe and I worked on, overcame and resolved many issues that developed as a result of the book program. I witnessed his interaction with faculty and staff, where Joe was always diplomatic and professional. Together, we encountered unpleasant situations involving faculty in which Joe handled with honesty and integrity.

After getting to know Joe I am convinced that he is a valuable asset to our University. His personal characteristics exemplify the core values of Thomas More University. His knowledge of science and expertise in the field of physics lends itself to his value and worth.

Along with his undeniable abilities, Joe continues to be an absolute wonderful co-worker. He is a team player who always manages to bring forth a positive spin on issues. Joe treats faculty, staff and students fairly and always with respect.

I confidently recommend Dr. Joe Christensen for the position of Full Professor at Thomas More University.

Feel free to contact me at emonahan413@gmail.com if you would like to discuss Joe's qualifications further. I am happy to expand on my recommendation.

Regards,

Erin Garnick
Director of the Bookstore
